

Clothes Distribution Program

Distribution of clothes among the vulnerable poor is a regular activity of EDRC. EDRC collects donation and grants from different people and organizations to help the poor. EDRC also distributes Eid Day special food, children dresses, Women Wear, Men wear under different banners of the program.

EDRC distributing clothes among the destitute

It is worth mentioning that among the clothes, there were winter clothes, normal wears to help the poor face the cold weather of the winter season. In addition, many shoes were distributed to the residents, especially children. Moreover, a quantity of dates was given to every family.

The Education and Development Research Council (EDRC) also noted that these aids helped the poor obtain clothes and

made children feel happy. This is because many of these aids were distributed in the severely cold days and many children got benefit from them.

EDRC stresses its commitment for the continuation of these efforts for humanitarian aid and relief to bring happiness among the vulnerable needy and hope to all poverty-stricken people in the different locations it works in.
